

Video interviewing proven to help you find the very best candidates*.

Interview4 saves employers time and money, delivering greater insight into candidates than with any other screening technique. Let us show you how.

Interview4 offers three types of interviews, taken by webcam or mobile device, and recorded for evaluation and comparison:

 **Virtual one-way interview** – Candidates log in and answer your questions (text, audio or video) at a time and location convenient to them. Just one chance to answer, just like a live interview.

 **Virtual one-way showcase** – Just like the virtual one-way interview, except that candidates see the questions in advance and get multiple chances to answer each question.

 **Live two-way interview** – A live interview over the web, recorded or not, it's up to you. If you choose to record you can set chapter markers along the way for easy replay and collaboration.

*Request a copy of our research showing the power of video interviewing to predict hiring outcomes. Study presented at the 2014 American Psychological Association convention.

“Interview4 has saved our Company time and money...”

Interview4 internet-based software is flexible. Features can be adapted to fit your hiring process, not the other way around.

Other benefits include:

- f* Reduce cost to hire and turnover
- f* Expand your hiring pool
- f* Screen 9x more candidates in the same amount of time
- f* Compare candidates side by side answering the same questions
- f* Integration with your ATS
- f* Corporate branding and messaging
- f* No need to download or install software

The software is not the only thing that’s flexible. We offer pricing options that will fit your situation and your budget.

Pick from our Silver and Gold budget e-commerce plans, or get a fully customized plan to meet all your needs from user structure to reporting

What users are saying.

“Interview4 has saved our Company time and money... (it is a great) resource for hiring the best candidate while also streamlining the process. This new approach reinforces our management style and openness to new technology.”

– **Carole Eidson**, Director of Human Resources
Precision Fabrics Group, Inc

“We credit Interview4 with reducing our turnover in 2015 by 6%. That’s huge!”

– **Regional Manager**
National Electronics Retailer

“I was able to see and hear the candidate answer a battery of questions that gave me the information I needed in order to offer final interviews.”

– **Jenny Stokes**, Director, Marketing & Communications
United Way
